

PRODUCT POSITIONING FOCUSED ON WORKFLOW NEEDS

Purpose-built performance for every workflow.

Z1 G9

Essential performance
for everyday work

Z2 Mini G9

Maximum power.
Minimum space.

Z2 SFF G9

Expandable performance
in a compact design

Z2 Tower G9

Power & expandability
for growing needs

Z4R G5

Rack-optimized
performance

Z4 G5

Performance for
demanding workloads

Z6 G5

Ultimate power for
heavy workloads

Z6 G5

Extreme performance.
Limitless possibilities.

* NEW *

Z6 G5 A

AI-accelerated performance
for the future

Z8 Fury G5

Breakthrough performance
for the most extreme AI
& compute workloads

WORKFLOW NEEDS

High-Frequency
Single-Threaded
Applications

Workflows: increasing in dataset size, model complexity
Customer values: time to completion, ultimate accuracy/realism

Multi-Threaded CPU
Applications & Parallel
GPU Compute

MEDIA & ENTERTAINMENT

- Graphic design
- Light (HD) video editing and reviews
- Video editing (HD/2K)
- Game/VR development
- Video editing & finishing (4K+)
- Motion graphics
- Rendering with real-time ray-tracing

DATA SCIENCE

- Data analysis
- Model prototyping
- Light tabular datasets
- Machine learning
- Data visualization (light)
- Predictive Modeling
- Cluster compute
- Model evaluation
- Model inferencing

PRODUCT DEV & AEC

- 2D drafting
- Light rendering
- Light simulation
- 3D design & modelling
- Rendering & Visualization
- Real-time ray-tracing
- Clash detection
- Rendering with real-time ray-tracing
- Real-time visualization
- Simulation & analysis

- 4K+ film production & finishing
- Virtual production (in-camera VFX)
- 3D modeling & animation
- Visual effects & compositing
- 8K film production & finishing
- Broadcasting
- VR scene creation
- Advanced datasets (video, images, speech)
- Machine Learning
- Data visualization
- Deep Learning
- Computer vision
- Natural Language Processing
- Data extract, transform, load (ETL)
- Computational fluid dynamics
- Finite element analysis (FEA)
- Advanced simulation & analysis

**BUILT FOR WORKFLOWS.
BUILT FOR IMPACT.**
Choose the Z workstation
that's right for your ambition.

RELIABLE
BY DESIGN

INDUSTRY-LEADING
PERFORMANCE

ISV CERTIFIED
AND OPTIMIZED

SCALABLE FOR
WHAT'S NEXT

ENGINEERED TO WIN
